# Crestwood Fallbrook Healing Center

## Crestwood Fallbrook Healing Center

is a Mental Health Rehabilitation Center (MHRC) located in Northern San Diego County, in the beautiful city of Fallbrook, which is known as the “Avocado Capital of the World” for the region’s abundant avocado groves.

The campus’ innovative trauma-informed recovery programs are based on Crestwood’s commitment to providing mental health clients a continuum of care that puts them on the road to recovery.

Fallbrook Healing Center’s clients are welcomed into our homelike, therapeutic environment and participate in Dialectical Behavior Therapy (DBT) and Wellness Recovery Action Plan (WRAP), a self-help recovery treatment system designed to decrease symptoms, increase personal responsibility and improve quality of life. The campus also provides a versatile array of groups for clients to participate in during their recovery program and encourages active participation in treatment planning from the moment of admission.

## program

## Crestwood Fallbrook Healing Center

Our services at Crestwood Fallbrook Healing Center support each client to recover with an enhanced sense of resilience, accessing a wide-range of wellness tools and staff support. The mission of this program is to restore a sense of hope, empowerment, community/natural support inclusion, and realized potential in each client, as well as psychiatric stabilization.

At Fallbrook Healing Center, community reintegration and dual recovery are key tenets. Community reintegration is designed for those clients who need help developing some of the basic life skills that will assist them when returning to their communities. We accomplish this through classes, therapy, community service and peer mentorship. Many clients participate in our Dreamcatchers Empowerment Network pre-employment training. This training enables clients to become Dreamcatcher employees and helps provide them with meaningful roles and services to the community.
